THE VISION

To be established as a responsible India-based internationally trusted manufacturer and supplier of dehydrated and other food products from integrated food processing supply activities by adopting 'QUALITY' and 'FOOD SAFETY' as a base growth.

THE MISSION

Achieve higher professional growth by attracting, supplying and satisfying innovative and high-quality products. We believe in "professional growth by ethical business." The road map to achieving a milestone target is prepared by the professional approach of the top management of the company. We assure the fullest satisfaction to our customers, a safe, secure and hygienic environment to our workers, a rewarding return to our loyal business partners and take care of society and environment by investing in and discharging moral responsibility.

HISTORY

Our journey began in 2020 when we acquired a dehydration plant. Our team consists of individuals with over 25 years of experience in the industry. In 2020, due to increased operational demand, we opened another dehydration plant named YADAVI FOODS. With the combined operational capacity of both plants, we produce 15 tons of finished dehydrated products per day.

INFRASTRUCTURE

The processing facility of Yadavi Food is spread across nearly 15,700 sq. meters of industrial land. The total built-up area of 5,000 sq. meters comprises of pre-drying, drying and post-drying areas and a well-covered warehouse with sorting and hygienic packing facilities. The facility has state-of-the-art and most modern drying technology and sophisticated accessories including color sorting, magnet and metal detection equipment. The dryers are capable of producing 2,700 MTPA of dehydrated onion products and 3,600 MTPA of dehydrated garlic finished products.

WHY US

BEST QUALITY SERVICES

When it comes to food, there must be no compromise. This is why we strive to provide you with the best quality services.

VAST EXPERIENCE IN FOOD TRADING

Our vast experience in the food industry is what makes us the ideal choice for your food trading needs.

TRUSTED & LEGALLY APPROVED CERTIFIED SERVICES

Being a legally certified food export company in India, our services are transparent and trustworthy.

COMMITMENT & TIME ADHERENCE

Time is a huge factor, This is why, at Yadavi, we are committed to ensuring that we get the job done on schedule without fail.

INNOVATION

Using innovative methods and equipment, we ensure that the food is packaged and stored to the best.
